[]

Name the veterinarian who will provide health care for this animal once you have adopted it:

[]

Animal to be adopted:

Species: []

Gender: []

ID: []

Signature of Brown University Veterinarian

Date of interview

Recommendation:

Approve adoption

Disapprove adoption (give reasons below):

Brown University Animal Adoption Agreement

Date:

I, _____, am adopting the animal described below from the Brown University, and agree to be fully responsible for its future care, treatment, actions, and well-being.

The animal described below has been examined by Brown University veterinarian (Dr. _____) and has been determined to appear to be both clinically healthy and suitable as a companion animal except as noted below. I acknowledge and agree that (just as with any physical examination) this does not guarantee that the animal to be adopted has no health issues, but that none are known based upon that examination.

I have been given a copy of this Brown University "Animal Adoption Agreement". Having read this document, I attest that I understand the terms under which I take ownership of this animal and agree to fully comply with all the conditions of adoption. Additionally, I have had an opportunity to ask any health and husbandry-related questions and each question has been answered to my full satisfaction.

In accepting this animal, I agree to care for it in accordance with all applicable laws and regulations of my and/or the animal's place of residence, including but not limited to having the animal spayed or neutered if applicable, vaccinated against rabies and registering the animal with local animal control officials as required. I further agree not to use this animal as a food source (for humans or other animals) or religious object or for any commercial purpose, including but not limited to breeding and exhibiting. I will not sell this animal or relinquish this animal to a shelter or rescue organization.

By signing this agreement, I acknowledge that I hereby release and indemnify Brown University, its trustees, officers, employees and agents from any and all liability and expenses resulting from this adoption. I understand that Brown University accepts no liability for the animal's continuing care or veterinary treatment, or for any damages arising from my ownership of the animal once it has been removed from the Brown University facility.
